I do not have any scores, interview info, assessment center info, or writing assignment scores. The Cardinal Group was tasked with providing the Sheriff with the final three candidates. Their involvement was only a portion of the hiring process.

There were scores for the interviews, the assessment center assignments and we had a writing assignment that would have come with scores. How do I get those scores?

You're welcome. There was not an overall ranking or scoring. The Sheriff considered the top 3 candidates and made a decision.
